

MATTHIAS DJAN

GAFFER

A BIT ABOUT ME

I'm a London based gaffer that's always had a passion for lighting and love create the tone and atmosphere for a scene by painting with light and shadows.

I'm friendly and enthusiastic and love getting stuck into my work. One of my favourite things about filmmaking is collaboration. I love bouncing ideas of other people, combing them and creating something greater than we could have on our own.

I also often work as a DOP and on my website you can find further film credits and examples of my work.

PERSONAL DETAILS
